It's time for Congress to launch a *real* investigation.

- ★ **Bobby McIlvaine** was 26 years old when he lost his life while entering the North Tower of the World Trade Center on September 11, 2001.
- ★ **The Bobby McIlvaine Act**, named after Bobby and championed by his father, Bob, would establish a Select Committee in the U.S. Congress to re-investigate the destruction of all **three** WTC towers.
- ★ **The Official Investigation and Reports** by the National Institute of Standards and Technology (NIST) have been proven to be false and even fraudulent—ignoring, dismissing, and denying the available evidence.
- ★ **Architects & Engineers for 9/11 Truth**, a nonprofit organization representing some 3,000 building and technical professionals, is backing the Act. Contact your representatives at AE911Truth.org/Justice.

"Our democracy cannot survive without the truth. We must have a real investigation now, but that can only happen if we all demand one together."
